PROVIDING BEST-IN-CLASS PROCESS INSTRUMENTATION AND VALVES

ACCUTRON INSTRUMENTS

ClimaTrax Multivariable Environmental Sensor, CommTrax Ethernet Gateway, FlowTrax Mine Ventilation AirFlow, GasTrax Intelligent Dual Gas Sensors (NO₂, CO, SO₂, H₂S, O₂), Industrial Laser Range Finder for Level, MAQS Air Quality Station.

ANDRONACO

Pureflex hose, Pureflex pharmaceutical / food grade hose, Teflon lined composite piping, PTFE / PFA & UHMWPE lined valves, Task-Line PTFE gaskets, Grounding paddles, Line Blockers, Ramparts diaphragm pumps

ARMSTRONG MONITORING CORP.

Single, Dual and Multi-Channel Gas Detection, Hazardous Gas Monitoring Equipment, Sensors and Transmitters, On-Site Preventative Maintenance and Calibration

CONTROLAIR

Precision Pneumatic Control Products, Air Pressure Regulators, I/P & E/P Transducers, Filter Regulators, Volume Boosters

DEHAVAN

Solid and Liquid Point Level and Continuous Level Measurement, Capacitance Probes, Microwave and Ultrasonic Switches.

EASYTORK

Springless Pneumatic Vane Actuator, Control Valve, Fail-Safe Air Pilot Valve, Nema 4 and Explosion Proof Limit Switches

FLUKE

Multimeters, Clamp Meters, Vibration Testers, Thermal Imagers, Power Quality Analyzers, Process Calibration, Scope Meters.

FORD

Regulator valves, Pressure reducing valves, high roof tank float valves, Copper floats

GUICHON VALVES

Piston valve, Globe valve, Gate valve, Ball and plug valve, Butterfly valve, Jacketed valve,

KOBOLD

Flow, Level, Temperature and Pressure Indicators/Switches/Transmitters

J-FLOW

Standard 2-Piece and 3-Piece Ball Valves, Customized 3-Way and 4-Way Ball Valves, Top Entry Valves, Trunnion Valves, Floating Flanged Valves, Segmented V-Ball Valves

JINDEX

Dart Style valves for flotation cells, Pinch Valve, Rubber Check Valves, Knife gate valves, Slurry check valves, Actuator assembly, Rubber expansion joints, Rubber pipe penetrators, long life sleeve options

MELTRIC

Switch Rated Plugs and Receptacles, Multipin Connectors, Distribution Systems

O'BRIEN

Instrument Winterizing Enclosures, Heat Trace Sample Tubing, Pre-Insulated Tubing Bundles, Instrument Mounting Hardware

PHOENIX CONTACT

Terminal Blocks, Signal Conditioners, Power Supplies, PLC Relays, Media Converters, Ethernet Switches, TVSS, I/O Systems, PLC

PRECISION DIGITAL

Digital Panel Meter, Field Mount Indicators, Explosion Proof, Modbus Scanners, Digital Pressure Gauges, Multichannel Indicators

RICE LAKE WEIGHING SYSTEMS

Industrial and Commercial Weighing Systems, Loadcell Module Kits, Indicators, Printers, Truck and Rail Car Track Scales, Floor and Bench Scales

SAMMI MACHINERY

Automated line blind, sliding type blind, swing type blind, non-spill type blind, Jack bolt blind, Goggle type blind

TELEDYNE ANALYTICAL INSTRUMENTS

Gas Analyzers, Trace and Percent Portable, Combustion & Emission Analyzers, Photometers, Gas Chromatography, Total Sulfur, Thermal Conductivity, Plasma Ionization, Flame Ionization

TROLEX

Fixed Gas Detection, Personal and Portable Gas Detection, Wireless Gas Detection and Dust Particles Detection Sensors

VERTIV

Single Phase AC UPS (Rackmount and Floormount), TVSS Single and Three Phase Surge Protection.

ZEECO

Integrated pro Flame scanner, Ex-Zone 1 / EX-Zone II flame scanner

For over 50 years, Armatek is your number one source in Eastern Canada for process instrumentation and valves for control and monitoring systems for maximum precision, efficiency and reliability. Our team is experienced, knowledgeable and committed to resolving all of your application needs. Our products are essential in the efficient operation of plants in oil and gas, petrochemical, steel, pulp and paper and other markets.

At ARMATEK, we are proud to have established our company as a leading measuring instruments supplier and we take pride in developing and earning the trust of our customers by supplying the best solution for the application, budget and timeline.
